"Professors are as approachable as they are knowledgeable. They will always leave their doors open for you to discuss research ideas, and provide professional feedback on research projects."

KE XU, UNIVERSITY OF VICTORIA (PHD 2017)

Admissions Requirements

- Applicants to the doctoral program must have an honours bachelor degree and a master's degree in economics.
- Adequate preparation in calculus, linear algebra and basic computational skills.
- Strong reference letters from academic sources.
- The GRE is required for students without a Canadian or U.S. degree.
- The TOEFL, IELTS or MELAB is required for non-native speakers that are not residents of Canada.

"Queen's is the perfect mix of collegiality, challenging course work and frontier research. QED offers a small and cohesive program that competes with the best ones year after year.."

JEAN-FRANCOIS HOUDE (CORNELL), PHD'06
