Economics Consultant Intern - Summer position

Our Summer Analyst/Associate Internship program mirrors the analyst experience to give you an understanding of our business and experience project work at Charles River Associates. Throughout the 8-10 week program, Analyst/Associate Interns work alongside senior colleagues to deliver live client consulting projects within the practice area. Along the way, you'll benefit from professional development and wellness support programs, social events to connect you with peers and a collegial work environment. Successful interns will be offered a full-time position following graduation.

What do we look for in candidates?

We seek motivated Juniors and first-year Master's students (non-MBA) with expected graduation dates from December 2023 – August 2024.

Art of Research Photo contest

The 7th annual Art of Research photo contest is now open until **March 10, 2023**. Led by University Relations and open to Queen's faculty, staff, students, and alumni, the Art of Research is an opportunity for Queen's researchers to share their work through compelling visuals and engage the public in seeing their research in new ways.

There will be six prizes of \$250. Photos from the contest are featured across high-visibility university initiatives, including campaigns and our travelling pop-up photo exhibit, as well as in illustrating our community's social impact with stakeholders around the world.

The 2023 contest builds on last year's theme and will continue to showcase how the Queen's research community is advancing the United Nations' Sustainable Development Goals (SDGs) in pursuit of our institutional vision to solve the world's most significant and urgent challenges.

There will be five SDG-themed categories as well as the launch of a new special category, "Research in Motion." We are asking researchers to share a video 30 seconds or less that captures their research in action, taking the public behind the scenes of their pursuits whether from the lab to the field, or the archive.

For more information and to submit your photo or video, please visit the [@Queen's](https://www.queen's.ca/research) website.

Mayor's Innovation Challenge

The Mayor's Innovation Challenge is calling on students to come up with a creative idea that contributes to making Kingston a better place to live, work or play. This is a great learning opportunity for those looking to gain valuable career experience through paid internships or for those looking to grow an idea into a business venture. Participation is simple: we're asking individuals or teams of up to three to submit a 2-3 minute video outlining an idea that could be implemented in the city and contributes to the quality of life of residents, or a proposal that leverages emerging technologies or develops new innovations to enhance the delivery of municipal services. The individuals or teams of submissions that are shortlisted will be invited to a pitch competition on **Friday March 10th** where panelists can ask more questions about the idea. Post-secondary students can win paid internships with the City of Kingston or win seed funding through the Dunin-Deshpande Queen's Innovation Centre.

Any questions, email: mic@cityofkingston.ca.
